### Of a Revolutionary Soldier Will be Marked

#### BY THE SERVICE BOARD

### Which Will Furnish a Lot in Cedar Hill Cemetery

### Facts Gleaned Which Show That Deceased Served Under Gen. Washington.

Editor Advocate:—It was with great interest, and high appreciation, that your writer read the article by Mr. Chas. Panoast in Tuesday's Advocate, referring to the "old neglected grave on the William Holler farm." Another laurel can be laid upon this grave for he was "one of Washington's soldiers." When Decoration day committees used to go from Newark to Chatham this grave was always honored by the "young veterans of '61." The late L. H. Insoho, I think, read a paper upon this very soldier and tried to start a monument for the protection of this grave. Many claimed he was in the war of 1812, thus establishing his soldier record, but as he was born in 1758 he was certainly of the patriotic age and at the time of the war of 1812 would have been 64 years old, which goes to establish the fact beyond doubt that it was in the war of the Revolution that this "old soldier" nobly served his country. This very grave prompted the movement for a plot in the cemetery, and a bill to transfer just such remains where they will not be neglected, has been introduced.

Sain Williams Camp, United Spanish War Veterans, through Hon. R. W. Howard, has introduced House Bill No. 758 for action by the present legislature.

Many attempts have been made to have the state and nation mark graves with monuments on private grounds, but they are not always successful. Let us have this bill passed and then remove the remains of this old hero to the new soldiers' plot in Cedar Hill where a monument can be erected to his memory and his grave, as well as all other neglected, or indigent soldiers be perpetually cared for.

CLIFTON H. ROSEBROUGH.

In answer to Col. Rosebrough's communication the Advocate will state that the Board of Public Service met Wednesday morning and passed a resolution tendering a burial plot in Cedar Hill cemetery for the re-interment of John Sparks' remains. It is thought that a movement may be started, as in fact is already done, to secure an appropriate monument to mark the spot where rest the remains of the noted scout and guide.

The board offered the lot, thinking that perhaps it might be advisable to move the remains to a more suitable place where they could be pointed out to the thousands of visitors who annually visit the beautiful cemetery of Cedar Hill.

COME TO OHIO TO MARRY.

Cincinnati, Feb. 12.—Congressman Harry M. Coudrey and Mrs. Lydia Roth of St. Louis, were married last evening at the home of C. H. Jacob, Rose Hill, by the Rev. G. F. Goss. Congressman Coudrey and his bride are friends of the Jacob family and stopped off on their way to Washington to be married.

## FORAKER WILL CARRY FIGHT INTO NATIONAL CONVENTION

Washington, D. C., Feb. 12.—Unless plans already virtually decided upon are abandoned, and there is no indication they will be, there will be contesting delegations from Ohio to the Republican National convention in Chicago next June. It was learned today that it is the purpose of the Foraker-Dick alliance to hold a state convention subsequent to the one called by the State Central committee on March 3 and choose a second set of delegates at large. This delegation doubtless will include the two senators—and will present its claim for seats in the convention in opposition to the "Big Four" that will be elected at the Taft convention.

## B. G. DAWES HAS BIG FIGHT FOR HIS RE-NOMINATION

### It is Said by Well Posted Zanesville Politicians That Freeman T. Eagleson of Guernsey a Dark Horse, Will be Named.

Zanesville, Feb. 12.—(Special)—Freeman T. Eagleson of Cambridge, speaker of the state house of representatives is doped as a dark horse likely to be sprung in the Fifteenth district Republican Congressional con-

vention here Wednesday. There is now a hot four-cornered contest in progress which the delegates to the convention may be unable to decide without calling in a new man.

Congressman Beeman Dawes of Marietta, is seeking re-nomination. Opposed to him are R. B. Brown of Zanesville, past commander of the G. A. R.; Judge Jennings of Zanesville, and Attorney James Joyce of Cambridge.

Counter claims are made by both Brown and Dawes as to their nomination. It is certain that Jennings, who is a Dawes candidate, broke into the Muskingum delegation which has been claimed by General Brown.

It is now conceded that the nominee of the convention will be Dawes or Eagleson, and the Brown forces while claiming victory are about ready to give up the fight. The claims of each candidate are appended according to late returns this afternoon.

DAWES' CLAIMS.  
Muskingum — Brown 41, Jennings 20, contested 3.  
Noble — Dawes 10, Brown 8, Joyce 5.  
Guernsey — Joyce 38, Dawes 1.

BEEMAN G. DAWES.

Washington — Dawes 48.  
Morgan — Dawes 19, Brown 2.

## MANY KILLED IN EXPLOSION

Vienna, Feb. 12.—Many persons have been killed and the greater part of the Armenian quarter at Van, Asia Minor, was wrecked by the explosion of a magazine, the seizure of which, by Turkish soldiers, an Armenian band was resisting when the blasts occurred.

## DESPONDENT WOMAN ENDS HER LIFE BY DRINKING ACID

Mrs. Victoria Ayres, aged 45, the divorced wife of Eugene Ayers, who for some time past has been living with Miss Nellie Rife at 38 Walnut street, committed suicide Wednesday morning by swallowing nearly an ounce of carbolic acid. She had been sick for some time and had become very despondent, and about 9 o'clock Wednesday morning decided to end it all by taking her life. Unknown to

any one she swallowed the deadly poison and notwithstanding everything was done to save her life she died in one hour and 25 minutes.

The deceased was a daughter of Mr. John Patterson, an aged resident of this city, and had been divorced from her husband about nine years.

The funeral services will be held at the house Friday afternoon at 1:30 o'clock and the interment will be made in Cedar Hill cemetery.

#### AT ANNUAL FUNCTION

### Which Celebrated the 15th Centennial of Saint Chrysostom

### And They Portend a Revival of Anarchistic Activity Through- out All of Europe.

Rome, Feb. 12.—The unusual precautions taken to guard the Pope from any danger of violence while celebrating the 15th centennial of St. John Chrysostom, were the direct results of police warnings of a revival of anarchistic activity throughout Europe.

Detective bureaus at all the capitols were notified from Lisbon, a few days following the assassination of King Carlos and Prince Luiz that the crime was believed to be only the first one of a series planned by a terrorist organization with branches at all important continental cities. Acting on these advices extra care has been taken ever since the Portuguese tragedy to prevent similar attempts elsewhere. The original intention was to have held yesterday's services here in St. Peter's, but the plan was abandoned on account of the vast crowd sure to assemble, with the attendant opportunities for an attempt at violence and the rites were celebrated at the vatican instead.

#### CAT MASHED IN A BELT.

Bellefontaine, Feb. 12.—William Hilboth, engineer at the traction station, mourns the death of his big tiger cat, which he says, deliberately committed suicide. He says the cat looked up into his face and whined yesterday, and then jumped on the belt that runs the dynamo. When the big engine was shut down 18 hours later Tabby was found on the belt, pressed out as thin as a sheet of paper.

#### MAKES A STUDY OF DOMESTIC LIFE

New York, Feb. 11.—"I quite agree with Mrs. R. Wood Day at the Hotel Astor, who made the statement the other day that American women have more to do with the increase in popular drinking places than men," said Mrs. Aimee Abbott, one of New

York's well known members of women's clubs and philanthropists, who has made a study of the conditions that affect the happiness of domestic life.

"But I do not altogether think that the reason hotel men appear to be sharper than the housewives, as she says, is because they have figured out what will attract and hold a man in the way of food and drink surroundings. I grant that the magnificent hotels and splendid service afforded have tremendous attractions, but even that sort of thing palls after awhile.

## MRS. McDONALD IS ACQUITTED

Chicago, Feb. 12.—Mrs. Dora McDonald, who has been on trial here since January 20 on the charge of murdering Webster Guerin, was acquitted after six and a half hours deliberation, the jury having retired at 1 o'clock yesterday afternoon. The defendant, who is the widow of Michael C. McDonald, formerly a political leader in Chicago, received the

that she will retire to a sanitarium. Despite her nervous and physical condition during the trial and the months following the tragedy, no hint of a possible attack of insanity was offered by the defense at the trial.

Webster S. Guerin was shot and killed in his studio in the Omaha building, LaSalle and VanBuren

verdict without apparent emotion. During the trial she had frequently collapsed, and on several occasions the case has been recessed in order that she might receive medical attention. Last night, however, she was the least moved of any of the persons concerned in the defense, her attendant being so overcome that Mrs. McDonald was compelled to exchange roles with her and try to quiet the woman.

Members of the jury took an oath before reporting their finding not to reveal the history of their deliberations. The first ballot, they said, stood 8 to 4 for acquittal, but subsequent developments were carefully kept secret.

After Mrs. McDonald had been discharged she was taken to a hotel by relatives. It was announced later

streets, February 21, 1907. Mrs. McDonald was alone with him when the tragedy occurred, and was immediately arrested and charged with the murder. Her husband and Leopold Froeman, president of the Champion Chemical works, signed bail bonds for \$50,000 after her indictment March 30, 1907.

The shock of the tragedy proved disastrous to McDonald, and he died August 9, 1907, after an illness of several weeks. His fortune was left to the accused woman and his two sons, one the child of a former marriage. Special provision was made in his will for Mrs. McDonald's defense, and the instrument was attacked in court by his former wife, Mrs. Mary McDonald, from whom he had obtained a divorce. The suit is still pending.

## GENERAL SHERWOOD MAKES WAR UPON PRESIDENT ROOSEVELT

Washington, Feb. 12.—General Isaac R. Sherwood of Ohio, is preparing to fire another broadside at the White House. He is incensed at what he believes is executive interference with his dollar-a-day pension bill in the house. He is convinced that the President has given his word to kill the measure in committee, and he

purposes to ventilate his feelings on the floor. "I don't care if I am expelled to make war on the most popular man in the United States," said General Sherwood today. "The old veterans can't live on what they are getting now. I am for the old boy and if it costs me my seat in congress, I am content."

## ROBBERS BLOW BANK'S SAFE AND GET \$25,000 IN CURRENCY

Rich Hill, Mo., Feb. 12.—Daylight disclosed that the cracksmen who blew the Farmers and Manufacturers bank here early this morning secured between \$20,000 and \$25,000 in currency. Silver was scattered about the floor of the wrecked building. Posses are scattered throughout the country seeking the robbers. Three men are supposed to have robbed the bank. None of them were seen.

Vice President Moore of the bank this morning estimated the amount taken to be close to \$25,000. The bank's capital and surplus is \$40,000, and its savings deposits are \$40,000. The bank is protected by burglary insurance. Two charges of explosive were used and the building was almost wrecked. The outer vault door was blown about ten feet away. The inner safe was opened by a second explosion, and the currency taken. The robbers did not stop to pick up the silver or other coins.

## MISS ASHFORD RENOUNCES HER ENGAGEMENT WITH AGED SENATOR

Washington, Feb. 12.—Miss Maud Ashford of this city yesterday announced that she was no longer engaged to former United States Senator Henry G. Davis, the Democratic candidate for vice president in the last national campaign.

Miss Ashford stated that she broke the engagement Monday night. She said she and the former senator had then discussed the matter, and Miss Ashford referred to the publicity

which had been given the subject and to the despatched opposition of some of the members of Mr. Davis' family to the proposed marriage; she said that she had no desire to estrange the senator at his age from his family for these reasons. She did not care to have the engagement continue.

Mr. Davis declined to be interviewed, saying he had no purpose of making any newspaper statements on the subject.

### Delegation of Ohio Will Vote For Taft

#### RESULT OF PRIMARIES

### Shows That War Secre- tary Swept the Field With Ease

### In Only One County, Knox, Was There An Announced Foraker Ticket to be Voted For.

Columbus, O., Feb. 12.—Ohio presents to the rest of the country the novel spectacle of a state convention, the delegates to which were chosen after much strife and bitterness, that is unanimous for a presidential candidate. So far as human knowledge can discern, not one of the 815 members will vote for any other candidate than Secretary of War William H. Taft of Cincinnati. There is therefore no longer any speculation as to the indorsement of this state. The delegates at large will go to Chicago bearing instructions for the winner. Judging from the results in the various congressional districts in which delegates were chosen, the claim of Chairman Arthur I. Vorys, the dictator of the campaign in Secretary Taft's interest, of a solid national delegation seems well founded. True, there is still room for doubt in a couple of these districts, but it is quite remote.

In the 37 counties which witnessed primary elections during the day there were but three contests between rival sets of candidates for delegates to the state convention. In one of these appeared the only Foraker ticket in the whole state. This was in Knox county and the Taft ticket won by an overwhelming majority. In other counties the question did not involve the presidential indorsement, the question at issue being the party leadership.

It was in Toledo and Lucas county that the greatest battle was waged, a determined fight being made to retire Chairman Walter F. Brown of the Republican State Central committee, from the dominant position he has occupied for years at the head of the organization there. Though apparently well organized and wisely directed, the assault failed lamentably, Chairman Brown electing his set of delegates by a majority estimated at three to one.

In Scioto county the same issue involved the veteran master of the organization, Philo S. Clark of Portsmouth. The result was almost identical with that in Toledo. In both Lucas and Scioto counties the opposition fought in the name of Taft, each set of delegates pledging itself to support him.

In Montgomery county the result of the uprising against the leadership of Charles W. Bosler has not been ascertained because of the confusion in the balloting. He was successful in naming the state delegation, yet it appears that his hold upon the county organization has been loosened.

#### CHARITY BRINGS DAMAGE SUIT.

Wapakoneta, Feb. 12.—Lottie Cappell, administratrix of Charles H. Cappell of Marietta, has filed suit here against the village of Chirder-ville for \$10,000 damages. Cappell was found dead with Walter Cook of Amanda, in the Criderville town hall where they had been given permission to sleep on the night of Feb. 3, 1907, when it was extremely cold. Their deaths were due to asphyxiation, caused by escaping fumes from the natural gas stoves, which had been left burning all night.

#### SCRATCH CAUSES DEATH.

Xenia, Feb. 12.—Harrison Griffith, aged 70, of Jamestown, died yesterday of blood poisoning, which developed from a scratch on his hand. Griffith served in both the Union and Confederate armies during the civil war, deserting the ranks of the latter to join the forces of the former.

## FAMOUS ENGLISH HERO OF BOER WAR ESTABLISHES A SCHOOL FOR SCOUTING.

GENERAL R. S. S. BADEN-POWELL.

HELEN MALONEY  
WILL MARRY HER  
SWEETHEART SOON

New York, Feb. 12.—Miss Helen Maloney and Samuel Clarkson, the young Englishman with whom she eloped, are finally to marry.

Young Arthur Osborne, the Wall street broker, who first married the girl under romantic circumstances at Mamaroneck when both were under age, has consented to permit the suit for annulment brought by the girl to go by default.

As soon as the necessary proceedings have been gone through with the young woman will marry Clarkson.

The first step in the action to annul her marriage to Osborne was taken yesterday.

A friend of young Osborne said he had become reconciled to the fact that Miss Maloney had given her heart to another. Miss Maloney will allege that the marriage was not legally binding. It will be set forth that both parties were under age and gave fictitious names and addresses and incorrect ages.

NOT ONLY INDIGESTION BUT  
ALL STOMACH MISERIES GO

Each 22 Grain Triangule Will Digest 3000 Grains of Food and Cure Stomach Misery Five Minutes After.

There would not be a case of indigestion here if readers who are subject to stomach trouble knew the tremendous digestive virtue contained in one 22-grain Triangule of Diapensin. This harmless preparation is eaten and tastes like candy, though one Triangule will digest a heavy meal without the slightest fuss or discomfort, and relieve the most acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula plainly printed on each Triangule of Diapensin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the

stomach, belching of Gas and Eructations of undigested food, water brash, Nausea, Headache, Bilelessness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach and intestines clean and fresh.

If your stomach is sour or your food doesn't digest, and your meals don't taste good, why not get a 50-cent case today and make life worth living? Absolute relief from Stomach misery and perfect digestion of anything you eat is sure to follow for five minutes after, and, besides, one case is often sufficient to cure a whole family of each trouble.

Surely, a harmless, inexpensive preparation like Diapensin, which will always, either at daytime or during the night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.

MORE TROUBLE  
AWAITS MORSE  
UPON ARRIVAL

New York, Feb. 12.—It was learned Tuesday on good authority that the United States Grand Jury has found four or five indictments against Chas. W. Morse for grave violations of the national banking act. They have not been handed down to any judge, but that formality will occur before Mr. Morse arrives on Saturday. The gravest danger which threatens Mr. Morse on his arrival from Europe on the steamship Etruria, next Saturday is these federal indictments.

One of the indictments, it was declared, charged the misapplication of the funds of the National Bank of North America, and conviction would carry with it a minimum penalty of seven years in prison. The judge pronouncing sentence would have no opinion in the matter of a fine.

Another is for overcertification. It is alleged that he directed Alfred H. Curtis, former president of the National Bank of America, to certify his own check for an amount greatly in excess of his deposit balance.

As Mr. Morse was vice president of the bank at the time he can be prosecuted directly under Sec. No. 5208 of the National banking act, which provides a penalty of a fine of not more than \$5,000 or imprisonment for not more than five years, or both, in the discretion of the court.

## THE WRONG WAY

Many Physicians Try to Cure Dyspepsia by Having Their Patients Starve Out the Disease.

This Method May Ruin the Stomach.

To become a physician one must study medical literature for a long time and attend several years at a medical college, dissect at least one human body, pass many quizzes and examinations, and at last receive his diploma, which entitles him to the M. D. degree.

Yet all this does not necessarily make a doctor.

We have known many graduates, with their sheepskins, who could not apply the knowledge they had acquired to relieving and curing a patient of dyspepsia.

They were floored by their first attempt to cure such a patient.

They were not to blame for this, for all the knowledge they acquired from medical works was wholly experimental.

They were told to try the following:

Aromatic Ammonia.  
Bicarbonate of Soda.  
Bicarbonate of Potash.  
Blue Mass.  
Camphor Water.  
Catechu.  
Club Soda.  
Creosote.  
Hot Water.  
Lime Water.  
Magenta.  
Mineral Waters.  
Nitric Acid.  
Nitro-Muriatic Acid.  
Sulphuric Acid.  
Oil of Amber.  
Oil of Capivi.  
Senna.  
Spirits of Lavender.  
Starvation.  
Stomachics.  
Tincture of Cardamom.  
Tincture of Ginger.  
Tincture of Iron.  
Tonics.  
Vegetable Bitters.

In the list hot water is the only remedy that will not do more harm than good, and its use is still an unsolved problem.

If the professor who coaches the graduate would hand him a package of Stuart's Dyspepsia Tablets and tell him that it was a specific for dyspepsia, indigestion, all stomach ailments, and should be his mainstay in such cases, that one grain of their active principle would digest 3000 grains of food in the stomach, and that aided by this remedy the stomach would soon regain its normal condition, he would do the student more good than sending him forth with a lot of uncertain knowledge about the cure of these diseased conditions.

The young doctor would gain a reputation by curing his first case of dyspepsia.

The patient cured would sound his praises far and near, as do thousands upon thousands who praise Stuart's Dyspepsia Tablets.

Instead of experimenting with the mess of medicine in the above list and doing his patients more harm than good, he would always be gaining reputation by always curing his patient.

When he met any indication of a diseased organ, he should discover what hundreds of other doctors have, that the whole trouble started with imperfect digestion and assimilation, then take out of his pocket medicine case a few of Stuart's Dyspepsia Tablets and tell the patient how to use them.

The result would be considered by the patient almost miraculous, and success after success would be achieved by him.

Many blood diseases, skin eruptions and heart troubles yield readily to Stuart's Dyspepsia Tablets, because they cure the incubating cause—dyspepsia. If the stomach is wrong you are wrong all over.

Stuart's Dyspepsia Tablets are sold everywhere at druggists—50 cents per package.

## IN POLICE COURT

For the first time in weeks the police court this morning had a busy look. Maybe because the warm weather of the past few days, and the singing of the robins made the men long for spring, or maybe they happened to get a little stake ahead or maybe—but what's the use? They kept the suds and the whiskey flying all day and as a result they spent the night the guests of Turnkey Swank. Chief Zergiebel and Officers McCrum, Carroll, Swank, Moore, Lytle, Sutton, Donley, Chester and Callan all had the drunks to handle and while some little trouble was experienced with one or two of them they were all landed safely behind the bars.

One man, who has been supported by his wife for the past two years, according to her story, was dismissed by the mayor after he heard the case. According to testimony, the man went home yesterday and proceeded to break up the furniture in the most approved style. The entrance of Officers Carroll and Callan interrupted his sport. He claims that he is perfectly able and perfectly willing to work for both, but his wife insists on working in a cigar factory and that fact is continually being "thrown up to him" by his friends and it's decidedly humiliating. The woman, on the other hand claims that he will not work and she is forced to do so to earn a living for herself and child.

The second jail delivery of the past few months was attempted at the city prison Tuesday night, when an old offender attempted to tunnel his way out through the south wall. He had managed to remove one brick was busily engaged in tearing out some others when Turnkey Swank made his rounds and discovered him. The man was arrested on the charge of being drunk, and when searched had \$3.30 in his clothes and a big Colt's revolver. He was locked up in a cell and was given five and costs this morning. As he was unable to pay the fine he was sent to the county jail in charge of Officer Callan. About two months ago an attempt was made to escape from the prison, but the watchfulness of Turnkey Swank, who was making his rounds, prevented the break. This time the plaster near one of the little west windows in the cell room had been cut away and the prisoner that was making the attempt was even then working on the brick wall.

WANT REORGANIZATION.  
OF THE SIGNAL CORPS.

Washington, D. C., Feb. 11.—How far the results of the Russo-Japanese war have influenced military tactics all over the world is well illustrated in the demand of the War department that the signal corps be reorganized.

MAJ. GEN. ARTHUR H. BAY.

An extract from a memorandum by the chief signal officer accompanies General MacArthur's observations, and in part is as follows:  
"The best information from our own army and foreign service indicates that two and one-half per cent of the force is the minimum that can safely be used for signal work. The type of service here considered is a special mounted service with highly trained personnel, which cannot be trained after the declaration of war."

It is nervous exhaustion, and affects the heart, lungs, stomach and all the organs that depend upon the nerves for motive power. What you need is Dr. Miles' Nervine to restore nervous energy and give new life to the organs.

"For years I have been very nervous, suffered terribly with headache. I had always gone to the doctor, and was about to go one day to try him for the last time, when a friend advised me to try Dr. Miles' Nervine. I purchased a bottle and the results were so satisfactory I have been taking it ever since. It has helped me wonderfully. Dr. Miles' Nervine and Liver Pills have done lots of good for me. When I get to feeling nervous now, I go for the Nervine bottle and I am so thankful I have something to help me without a doctor bill."

**Walking is Better.**  
There is no one in town who is not glad that the ice has about all disappeared. Under such a sun as Tuesday the ice rapidly disappeared. It is said that the roads have never been known to be in so good condition from ice as they were during the recent freeze.

**February Weather.**  
February has brought in enough disagreeable weather, a variety to satisfy any reasonable want for several years to come. In view of this ungracious behavior, one cannot be greatly blamed for regarding the extra day given the little vixen this year on account of leap year.

**"My Brother's Keeper."**  
Will be the subject of the discourse tonight at the United Brethren church. Last night the attendance nearly doubled that of Monday night. The pastor emphasized the thought that God's plan for each one's life was the best plan that could be made. We can let Him work out His plan for us by surrendering our lives to Him. The whole service was spiritual in tone and helpful to those who were present. Come tonight.

**Baptist Revival.**  
The interest in the special service at the Fifth Street Baptist church continue unabated. A goodly number are ready to unite with the church. The spiritual awakening of the church is clearly seen in the increased attendance and readiness to render service in trying to lead the unconverted into the Christian life. The pastor's subject for tonight will be "Lovers of Pleasure More Than Lovers of God." A warm greeting is extended to all who will come and worship with us. Song service begins at 7:45.

**Enjoyable Entertainment.**  
The Men's club of Trinity church parish held one of their enjoyable socials and smokers at the parish house Tuesday night. The principal feature of the evening was the lecture on Japan by the rector, the Rev. L. P. Franklin. The lecture, which was exceedingly interesting and instructive, was illuminated by 100 stereoscopic views. There was a good attendance of the members of the club and their

## SENATOR'S WIFE HAS RETURNED.

MRS. W. A. CLARK

New York, Feb. 12.—Mrs. William A. Clark, wife of Senator Clark, arrived on the steamship Lorraine, of the French line, after an extended European trip. She was met down the bay by Senator Clark, who boarded the Lorraine from a revenue cutter.

Before leaving France Mrs. Clark suffered a serious attack of the grip, which caused her family and friends much uneasiness. She had not recovered from her illness when she sailed, and her discomfort during the voyage, which was very rough, was increased by illness due to the sea, to which she fell a victim the first day out.

Miss Lillian Conley, a charming young woman of Wilmington, O., is visiting relatives in the city for a few days.

Miss Laura Arnold of Sandusky is visiting her aunt, Mrs. G. M. Stevens, at her home in the North End for a few days.

Miss Grace Thomas of Columbus is visiting her aunt, Mrs. Edward Morgan, at her home in the East End, for a few days.

Mr. and Mrs. Charles Morgan of Tiffin, O., who have been visiting at the home of Mr. and Mrs. William Edwards in the North End for a few days, have returned home.

Mr. J. C. Stillson, with his wife and mother, have returned to their home on Morris street after a pleasant visit at Bayville, Salesville, Barnesville and Pittsburg.

Miss Lizzie Toben returned to her home in Newark Monday after a visit with her brother, Brad Toben, who has been very ill for some time.

Mr. Toben is now improving and if possible will be taken to Columbus the last of the week for treatment—Cambridge Jeffersonian.

**CELEBRATED THE TENTH ANNUAL ANNIVERSARY OF LICKING AERIE. NO. 387**

Course Dinner Served and a Number Responded To Appropriate Toasts Tuesday Night.

Celebrating the tenth anniversary of the founding of their order, Licking Aerie 387, Fraternal Order of Eagles, entertained with a banquet in their club rooms Tuesday night.

The banquet was the most elaborate ever given by this order in Newark and was attended by 175 members.

The dinner was of four courses and complete in every detail, the table adding to the attractiveness of the scene by the cleverness of the decorations. Speeches were made by Geo. Hamilton, Michael Maul, Rees R. Jones, Peter Quinn, S. A. Warner and P. A. Murphy.

Manager A. J. Baum of the Orpheum theatre, was initiated into the order at the business meeting that was held prior to the banquet, and assisted in entertaining the members of the order by bringing acts from the theatre over to the club.

Two stranded members of a show that "went broke" in Sandusky, hearing that a banquet was in progress, came around to the hall and entertained the gentlemen present. A collection was taken up and the strangers went away about \$20 richer.

**BIG CONCERNED FAILED.**

## DEMOCRATIC HARMONY.

The nearest approach to harmony where it is most needed in the Democratic party has been exhibited by the untimely Democracy of New Jersey. The leaders of all factions joined together in a banquet at the New Auditorium in Newark in honor of State Chairman Robert S. Hudspeth who made the fight in the last campaign. Aside from the tribute to the chairman the object of the gathering of the 400 leaders of the party from all sections of the state was to get together for the redemption of New Jersey. Success attended these efforts for the names of Bryan, Harrison, Johnson, Gray, Culberson and Daniel were mentioned and cheered with apparent impartiality. Harmony and victory were the keynote of all the speeches.

As New Jersey, like New York, is necessary to success in the coming campaign this hopeful outlook for all Democrats uniting for the support of any candidate that may be nominated is the outcome of success that will encourage Democrats everywhere. If the discordant elements can unite in New Jersey there can be no good reason for discord elsewhere.

## PROTECTION NOT PANIC PROOF.

The Republican panic and business depression is reducing wages and workmen are hunting a job instead of the job hunting them. With men out of work wages naturally decline and consumption of luxuries, at least, decreases, and many even suffer for necessities. Are not these conditions good evidence that the high tariff does not insure prosperity, in spite of the boast of the Republican leaders that protection produces prosperity.

Over eighty-seven millions of dollars of depositors' money is tied up in closed banks and trust companies in New York, and the Republicans proclaimed they produced prosperity.

Senator Aldrich seems to be the undisputed master of his Republican colleagues in the Senate, which shows that the Trust boast of supremacy is well founded.

## THE DISAPPEARING FORESTS.

In spite of the constant diminution of the American forests and in spite of the growing use of cement in building operations, the statistics prepared by the national government show that more timber was cut during 1907 than during any former year in the history of the United States. Other figures quoted by the Chicago Tribune indicate that of all the building material used in this country during 1907 53 per cent was wood.

These figures demonstrate strongly how necessary it is to take immediate steps for forest preservation and the renewal of devastated forests.

## STATUS OF BILL FOR INCREASE OF WIDOWS' PENSIONS

Congressman Ashbrook sends the Advocate the following explanation regarding the widows' pension bill that passed the House of Representatives at Washington on February 3, 1908, providing for increasing the pensions of all widows to \$12 per month:

1st. The bill has only passed the house and it must pass the senate before it becomes a law.

2d. As the bill passed the house, it increases the pensions of all widows who are now drawing pensions, to \$12 per month.

3d. Widows who married soldiers prior to June 27, 1890, and whose claims have been rejected for the reason that they had a net income in excess of \$250 per annum, are entitled to pension under the provisions of this bill.

4th. In claims hereafter filed under the provisions of said law, widows of soldiers of the Civil war, will be entitled to pension without taking into consideration the amount of income—if married to the soldier prior to June 27, 1890.

5th. Widows of soldiers who served in the Spanish-American war or Philippine insurrection, must prove that the soldier died of disease contracted in the army.

6th. In all claims it must be shown that the claimant is the legal widow of the soldier, as under existing laws.

7th. This bill does not in any manner affect the Act of March 3, 1901, and as amended February 28, 1903, relating to restoration of a widow's name to the pension roll.

8th. The bill provides \$2.00 per month for each child under 16 years in addition to the \$12.00 paid to the widow, same as under existing law.

## MEETING

To Discuss Glass-house Situation in Utica Will Be Held Friday Or Saturday Evening.

Utica, O., Feb. 12.—A reunion of the old students of the Utica Normal school in honor of Hon. J. E. Harris of Nebraska, now visiting here, will be held in the Church of Christ, Saturday, February 22, beginning at 10 a. m. All old students of Mr. Harris, their families and all others interested, are cordially invited. Those coming are requested to bring well-filled baskets as the speeches, talks and other proceedings will probably take up all day. Several well-known business men of Newark and a great number of the well-to-do farmers around Utica are former pupils of Prof. Harris.

A public meeting of the blowers' and gatherers' union to discuss the factory situation and to explain to the people of Utica why they have not gone to work will be held in the town hall—either Friday or Saturday evening—the date having not yet been settled. The meeting will be open to general discussion. The flatters' and cutters' union refused to join with the others in the meeting.

The Licking factory was operating fifteen shops on Tuesday, several new shops coming on at the 4 o'clock shift. More new men are looked for from Indiana later in the week.

A number of Utica men were out speeding their horses on Main street Friday and Saturday afternoons. The street being icy enough to make fine sleighing.

Mr. and Mrs. T. C. Nelson returned home Monday after a visit in Columbus.

Mrs. Phila Barrett of Newark, has been the guest of Mrs. Edgar and Mrs. Stanton this week.

Mrs. Retta Lamb of Bellaire, was the guest of Mrs. J. R. Boyd last Friday and Saturday.

The fourth number of the Utica lecture course is billed for Thursday evening. Eugene Baker, spiritualist, will furnish the evenings entertainment.

Lew Robinson is spending the week in Philadelphia.

The leap year dance, given by Misses Lightner and Smith, last Thursday evening, was a great success, twenty-seven couples attending. Music was furnished by French's orchestra of Mt. Vernon.

Mrs. Daisy Brinkles of Granville, was the guest of her parents, Mr. and Mrs. Hiram Hughes, over Sunday.

W. L. Belt of Washington, D. C. spent Monday night and Tuesday with his daughter, Mrs. McEwen, and other friends.

The Saturday Review club will meet with Mrs. Will Nickel on Saturday, instead of with Miss Garrison, as was arranged.

Mr. and Mrs. O. C. League, Mr. and Mrs. S. H. Wilson and Miss Vera Wilson will give a valentine hop in Sperry hall on Thursday evening.

Chicken thieves have been busy the past week. Last Thursday night twenty-one of the flock of chickens belonging to Cashier Gay of the Savings bank, were taken. The only clue being left was some blood which

recently they became so much worse that it was necessary to postpone her debut in society.

After weeks of treatment her sight did not improve and an operation was determined on as the last chance of avoiding total blindness. Miss Keim faced this crisis bravely and the operating surgeons assert that they are confident she will entirely recover.

### THE EVOLUTION

Of Cod Liver Oil—The Latest and Most Valuable Form.

Early in the 17th century physicians became aware of the fact that the cod's livers and their oil contained medicinal elements of great value in the treatment of pulmonary scrophulous, wasting diseases and chronic rheumatism.

In using Cod Liver Oil in its original form they discovered that the oil in which the valuable curative elements were embodied, was very objectionable, and of no medicinal value. How to separate or extract these medicinal properties of the cod's livers from the objectionable oil was the question.

After years of experimenting they produced three different and distinct kinds of cod liver oil, namely, the clear pale, the light brown and the brown. The clear pale was that which was first extracted from the cod's livers. The light brown was obtained by boiling the livers after the clear or pale oil had been extracted, and the brown oil was the result of pressing the residue.

None of these products, however, were free from the nauseating oil, and no one of them contained all of the medicinal elements known to exist in the cod's liver. It remained for two eminent French chemists, Morgues and Gautier, to produce the perfect cod liver preparation. After twenty years of study and labor they discovered an extractive and concentrating process which enabled them to separate from the fresh cod's livers and their oil, all of the medicinal and healing oil, body-building elements, and discard the oil entirely, and it is by this process that Vinol is made.

To these valuable Cod Liver extracts is added Peptonate of Iron, which produces Vinol, a remedy unexcelled in the treatment of all pulmonary and wasting diseases, and to restore health and strength to feeble old people, delicate children and after sickness. We ask any such person in Newark to try Vinol on our guarantee to return the money if it fails to give satisfaction. Frank D. Hall, druggist, Newark, Ohio.

Dr. T. E. Jones of Newark was called to William Shipley's twice last week to see a sick horse.

Mr. and Mrs. John Smith of Homer visited Grandmother Simmons Tuesday.

Mr. D. Hatch and Jasper Watson made a business trip to Mt. Vernon Monday.

Mr. J. M. DeCrow and son Rolla were in the county seat Saturday on business. Dr. Don Fry of that place returned home with them and remained until Monday.

Mr. and Mrs. J. M. DeCrow were in Mt. Vernon, Tuesday.

### OBITUARY

#### HIRAM W. BAGBY.

After a lingering illness of tuberculosis, Hiram Winnett Bagby, 59 years of age, died at his home, 76 Ninth street, this morning at 3:30 o'clock. He was born in Bellsville, Washington county, Pa., and when a young man moved with his uncle to Ohio and settled on a farm near Granville. Shortly after this he moved to Newark and learned his trade—that of a marble-cutter—with the Mohune Marble works. "Twenty years ago he formed a partnership with Charles Daugherty and continued the business until Mr. Daugherty's death. He then opened a shop on East Church street.

He was a member of the Masons, the Royal Arcanum, Tribe of Ben Hur, and the Odd Fellows. He was also a devoted member of the Plymouth Congregational church, and at the time of his death was a deacon of the church. He was also treasurer of the Sunday school.

He is survived by two brothers: Isaac, who lives in Wyoming, and another brother a resident of California. Two sisters, Mrs. Boron and Mrs. E. O. Thompson, both residents of Belleville, Pa., survive him. He was twice married, his second wife being Miss Elizabeth Jones of this city. By his second union one child—Mary Elizabeth—was born.

The funeral will be held from the house Friday at 2 o'clock, the Rev. Moriston Thomas will officiate. The burial will be made in Cedar Hill Myrtle Lodge, I. O. O. F., of Granville, will have charge of the services.

#### W. M. PAINTER.

Rocky Park, Feb. 12.—W. M. Painter, a highly respected resident of Mary Ann township, passed away Wednesday morning at 8 o'clock, death being due to the infirmities of age, he being in his 86th year. Mr. Painter has resided in this vicinity for the last fifty years, and was one of Licking county's noted pioneers.

He leaves besides his wife, two children, two of who, Prof. W. E. and A. B. Painter, reside in Newark; the former being supervisor of manual training in the public schools and the latter a postoffice employee. The funeral will be held Saturday morning at 11 o'clock, at the Fallsburg Baptist church, and interment will be made in the cemetery close by.

#### INFANT'S DEATH.

The infant son of Mr. and Mrs. Wm. Nathan, 115 Mill street, is dead and the remains were taken to Adams Mills today for burial.

#### MRS. KATHERINE WORLEY.

Mrs. Katherine Worley, 61 years of age, died at her home in Mt. Vernon, Tuesday, of pneumonia. Her husband and five children survive her.

#### DENNIS HICKEY'S FUNERAL.

The body of Dennis Hickey was taken to the Sherwood Hotel Wednesday afternoon by Undertaker McGonagle, where it will remain until Thursday morning, when it will be taken to the St. Francis de Sales church, where services will be held at 9 o'clock by the Rev. Father Plunkett. The interment will be made in Mt. Calvary cemetery.

#### RESOLUTIONS OF RESPECT.

Whereas, He has pleased Almighty God, our Heavenly Father, in His wise but inscrutable Providence to remove from our midst to the Great Beyond, our beloved Brother, John McKenna, therefore, be it

Resolved, By the members of Div. No. 1, Ancient Order of Hibernians of Newark, Ohio, that in the death of Brother John McKenna the A. O. H. has lost a worthy and faithful member, the world an honest man, our city a good citizen, and his family a dearly beloved and loving husband and father.

Resolved, That we extend to the bereaved family our most sincere sympathy in this hour of affliction, assuring them that we share their sorrow.

Resolved, That a copy of these resolutions be spread upon the journal of the A. O. H., and a copy be sent to the family of our late Brother John McKenna, and that the charter of the A. O. H. be draped in mourning for a period of thirty (30) days.

## Lincoln In Bronze

By ROBERTUS LOVE

Copyright, 1908, by Robertus Love

HERE do I look upon historic form  
Fashioned in bronze grown cold, but glowing yet—  
In our Columbia's memory casket set  
A sovereign jewel, Earth's unconscious storm  
May beat upon and work the statue harm;  
Old Time may topple it without regret.  
Perish the bronze, but we will not forget  
The great heart for its brothers beating warm.

THE hand of Lincoln, bronzed by honest toil,  
That drove the ax and felled the forest oak,  
Then working up amid the world's turmoil  
At one proud blow four million fetters broke:  
It is not dust—still does it reach and clasp  
Past, present, future, in its kindly grasp!

### The Girl Who Rejected Lincoln.

ONE of Abraham Lincoln's love affairs of which but little has been written was known vaguely to William H. Herndon, his law partner at Springfield and one of his biographers. Mr. Herndon has chronicled in an extended footnote in his biography about all that is known concerning this instance of Lincoln's lovelornness. The girl's name was Sarah Rickard.

For years prior to his marriage to Mary Todd, Lincoln had lived in the

SARAH RICKARD.

house of William Butler, a close friend. He was practically the same as one of the family. Sarah Rickard was a younger sister of Mrs. Butler.

In the summer of 1840, when Lincoln was thirty-one years of age, he made a proposal of marriage to Sarah. The girl was then only sixteen. Years after Lincoln's death this lady, long married and a resident of a western state, reluctantly admitted to Mr. Herndon that Lincoln had proposed to her, adding that she could "scarcely see what good it could do history."

Being nearly twice as old as the girl, no doubt Lincoln considered himself quite an ancient person. At any rate, he seems to have taken that view of himself in talking to Sarah about marriage. He recalled to her the little story of the marriage of the patriarch Abraham to Sarah. This he urged as an argument for another union of Abraham and Sarah.

"My reason for declining his proposal," wrote the lady, "was the wide

difference in our ages. I had given the subject of matrimony very little if any thought. I entertained the highest regard for Mr. Lincoln. He seemed almost like an older brother, being, as it were, one of my sister's family."

Thus Sarah Rickard, with her declaration of the proposal, seems to have passed forever out of the life of the future president. His regard for her seems to have been little more than a passing fancy.

Possibly Lincoln may have intimated to Herndon something concerning his liking for Miss Rickard, for the biographer states that "for many years he had reason to believe that the girl had been the recipient of attentions at the hands of Mr. Lincoln."

#### Lincoln's Last Lines.

During a recent visit to the White House former Senator William M. Stewart commented on the fact that he visited the mansion on the night of President Lincoln's assassination and probably received from the martyred executive the last lines he ever wrote. Pointing to the portfolio of the White House, he continued:

"I saw President Lincoln get into his carriage from those steps the night he was killed. I was the last man to speak to him at the White House. He wrote me a note that night that I would give \$1,000 for if I had it now."

"Mr. Lincoln's calling hour for congressional visitors was 7 o'clock in the evening. I was in the senate and called at the White House between 7:30 o'clock that evening. The presidential offices were located then in the second story. From there I sent my card to the president, who wrote upon it these words: 'I have an engagement to take Mrs. Lincoln to the theater, an engagement I never break. Call tomorrow morning at 10 o'clock.' That, I believe, was the last line Mr. Lincoln ever wrote."

"On my way out of the White House I met President Lincoln in the lobby going to his carriage with his wife. He stopped to shake hands and repeated to me that he would like to have me call the next morning. I stood there until he helped Mrs. Lincoln in the carriage and got in himself."

#### Lincoln and the Bug.

Former Senator Mason of Illinois tells this story of Lincoln: He was driving along the road one day when he suddenly stopped the bug. He saw a beetle upon his buck at the roadside struggling vainly to reach its feet. Lincoln got out of the carriage and turned the bug over. A he re-entered the buggy he said: "Well, I feel better. I have done a good act. I have given that bug an equal with all the other bugs on the earth."

## To Mothers

The best food for a child is important to you. Will you please read these facts.

The wisdom of the ages has decided that wheat is the perfect food. Not corn, not oats. In wheat alone are all the needed elements supplied in balanced form.

But the wheat should be whole.

White flour leaves out very important elements—all the wheat that's not white.

And flour, in the form of bread, is never sufficiently cooked. The inside of the loaf never gets half enough heat to break up the granules of starch, so the digestive juices can get to them. So, much of the starch—which is 70 per cent of the wheat—never digests. It's insoluble.

That is the reason for **Mapi-Flake**.

Our wheat is steam-cooked for six hours; then cured. Then every berry is flaked so thin that the full heat attacks every atom. Then they are toasted, for 30 minutes, at 400 degrees.

The result is a food that's all food. No part goes to waste. No part ferments and breeds germs in the stomach.

We get our delicious flavor by boiling the wheat with pure maple syrup.

It requires 96 hours to prepare Mapi-Flake. Some flaked foods, for the purpose of cheapness, are prepared in one-fourth that time. But the difference appears in the nourishment.

Mapi-Flake is the perfect food—the best food a child can have. So we make the child want it, in the interest of all concerned. That's why we use maple syrup.

Your grocer knows that Mapi-Flake is, by far, the best food that he sells.

The only food served in individual packages in hotels, clubs, cafes, and on dining cars.

## KID DAWSON

Will Play Cowboy Weston a Five Nights' Pool Match at Columbus Next Week—Doing Fine Work.

Kid Dawson, champion pool player of Ohio, and A. E. Pierce, who played a three-night match in this city last week at Forsythe's parlors, started a match in Columbus last week. It is really a continuation of the match played in this city as the last night's play here was cancelled. The score at the time was Pierce, 600; Dawson, 588.

Dawson is to play Cowboy Weston five nights next week, beginning Monday night. The games this week between Dawson and Pierce are really to keep Dawson in trim for the match. It is said that Dawson is doing some great work.

Eighty-four Illinois counties will hold local option elections in the spring.

A fellow doesn't have to have wheels in his head to travel bug.

## LISTENING FOR THE GONG

MEETING WILL BE CALLED TO MAKE ARRANGEMENTS FOR COMING SEASON.

Teams of the Ohio State League are Signing Players—Rebels are Having Troubles.

As the season for baseball approaches and the time keeps getting shorter the management of the various clubs begin to get a move on.

President Stasel being absent in the South, a meeting of the local management will probably be called by Vice President Harry Rossell within the next few days, as there is a great deal of business to look after including the appointment of a ground keeper, the letting of several concessions and the appointment of an official scorer for the season.

Manager Berryhill has not been

heard from for several days but in his last communication he stated that he had a few good ones up his sleeve. Bob can be relied upon to be there with the goods on him when the time comes.

As soon as the weather permits the ball park will be overhauled and put in shape for the spring practice which will begin about the first of April. There is every reason to believe that the team this year will be up to the standard of that of last season.

President Quinn has not as yet made known his decision, but it is almost an assured fact that the Ohio State League will consist of but six clubs. This circuit will have its advantages over that of the eight club circuit and all of the present members favor such an arrangement. It will mean a great saving in mileage, and more Sunday games at home. The Molders will have practically the same line up as that of last season with perhaps a change or two and there will be three or four new pitchers.

The other clubs over the circuit are getting busy and signing a number of new players. Mansfield had nine pitchers under contract and has just signed, the tenth. He is Joe Phalen, a big right hander who pitched for the Alliance team of the Northern Ohio League last season. He will report April 5.

Two new men have been signed by President Davidson of the Lancaster team. Townsend, considered the best first sacker in the valley, will be found with the Lanks the coming season to replace the Indian. He has had a number of tempting offers, but preferred to play at home. He has the looks of a good man, and it is probable that the Indian will not be missed when Townsend strikes his gait. The other recruit is William J. Williams of New Straitsville, an infielder. He comes from a family of ball players, but Williams is said to have them all beat. Efforts will be made to get George Fox to again manage the team, but it is not known whether he will stand the cut in salary that he will have to be made on account of the \$1,600 salary limit.

Affairs in the Rebel district of the old O. P. League are not moving along very swiftly or smoothly, and there is a great deal of dissatisfaction. Several of the clubs are belching and want their share of the \$1,000 which they were compelled to pay the Western teams. Sharon is crying about the matter, and is being backed by several of the sport writers in the other Rebel cities. That they will get it is almost a certainty—that is, they will get it when they get it. In other words they will get it—hit. However, that was to be expected of the clubs of the caliber of Sharon, New Castle, Akron, and Youngstown.

President Morton made a trip to Peoria and Little Rock to try and obtain the release of Bill Schwartz and Walter East. He was unsuccessful, and the two ex-Rubber Neck boys will have to play in those cities, or else they will not play at all. Peoria offered to give up Schwartz for \$600 and Akron agreed to stand \$400. Bill would cough up the other \$200. He refused, and said he was up to Akron to pay the full amount if they cared for his services.

A meeting of the Rebels will be held next week and at that time they will try and induce East, Liverpool or Reaver Falls to join their league. Eric is resigned to her fate and will make no further efforts to get a place with the Rebel aggregation.

Hot water bottles are no longer luxuries but absolute necessities. The fine quality of the low priced bottles at drug store should enable every one to own one.

The first bride to wear a white silk wedding gown was Mary, Queen of Scots, who introduced the fashion in 1561, when she married Francis II. of France. Her dress was made of white brocade, but over it she wore a court mantle of Persian blue velvet, which was held up by two pages.

Do you wish to walk with grace? Do you desire to attract attention and give you that velvet and elastic tread you so much admire? They never hurt your feet because they are smooth and light, and they are stylish to the limit. Lids have them.

Just imported frocks show some novel traits. One of these is a blind adherence to high-waisted skirts terminating in clinging to the legs. The skirts wind itself around the feet after the fashion of Napoleonic days, and which is gained by the absorption of the American skirt.

The American Beauty Corset is the best on the market — is on sale at Hanesberg's.

Your lack of a "muslin" bureau, scarf, or a piece of "silk" effect of the "silk" will get a strip of crepe paper of the color scheme of the room; tuck it over the bureau, and place it beneath the bureau scarf. When soiled it can be easily replaced.

No one is ever too old or too young to get a Valentine. Even the clever post cards or dainty little hearts at a penny give place, once a thrill of pleasure to receive. For the fastidious one there's those lovely things in water colors—heart shaped blotters, calendars and just what you need in your book store and see them for yourself.

A daintiness is given to a gown by a narrow binding of velvet to the collar band, which color is elsewhere repeated in the costume. There is nothing more graceful or softening touch to the skin as velvet if a becoming shade is chosen.

A fine line of silk and hatter's bloom petticoats at special prices at Hanesberg's.

To remove ink, use lemon and salt. It will take the color out of colored materials, so it should only be used upon white goods. Another good ink eraser is milk, but it must be used while the ink is wet.

"Have you noticed the exceptionally fine stock of fountain pens at Smith's drug store? The low prices will surprise you."

"Love may laugh at locksmiths," says the philosopher of Polly, but a glance at the city directory will convince you that he smiles genially on other kinds.

Sure there's a fine chance to send a beautiful Valentine to your sweetheart and only spending a little money while doing it. At Long Bros. big sale, white goods, tomorrow there'll be an elegant big line sold in a short time. They must go tomorrow, so don't miss your chance.

Very handsome luncheon favors can be made from boxes manufactured at home and filled with home-made candy.

No lady can afford to consider decorating her rooms without investigating "Alabastine." It's not only the best from a sanitary point of view, but it is beautiful and artistic. Alabastine, when properly applied to a clean surface, will not flake or scale or run off from the walls and ceilings, and in re-tinting may be coated indefinitely. Unlike other preparations for the purpose, Alabastine is a permanent wall coating that hardens with age, is as durable as the wall itself, and anyone can apply it. It is for sale at the Newark Hardware Co., 25 West Main street.

Every day we hear of another woman who has decided not to eat so much the food and not to let herself be gotten down in love and who is going back to nature and will raise vegetables.

Make your Valentine a bouquet of beautiful cut flowers. Miller's Florist can supply you with whatever you wish.

## CATARRH A SYSTEMIC BLOOD DISEASE REVIVED BY WINTER'S ICE AND SNOW

Catarrh, like some other blood diseases, is worse at certain seasons of the year. During warm, pleasant weather, when an active, out-door life may be enjoyed, sufficient exercise indulged in, and when other favorable conditions exist, some of the impurities and catarrhal poisons which produce the trouble are removed from the system through the perspiration and other avenues of bodily drainage. But when Winter comes with its snow and ice, its slush and cold, the free working of the system is interfered with, the blood becomes thick and congested, and the catarrhal matter is left to disease and corrupt the body.

The entire inner portion of the body is lined with a delicate fibre known as mucous membrane—in other words the inner skin of our bodies. This membranous tissue is a perfect network of veins, arteries and capillaries, through which it is supplied with nourishment and healthful properties from the great source of life, the blood. So long as the circulation remains pure this mucous membrane will be healthy, but when the blood becomes infected with catarrhal impurities and poisons, the tissues become diseased, and Catarrh hold in the system.

The polluted, impure condition of the blood causes irritation and inflammation of the different mucous surfaces, and the early stages of Catarrh are characterized by such symptoms as a tight, stuffy feeling in the head, watery eyes, ringing noises in the ears, constant "hawking and spitting," and often hoarseness and difficult breathing. The annoyance of even these early symptoms, together with the filthy character of the disease, makes Catarrh a dreaded and disgusting trouble, but after the blood is more thoroughly steeped in the impurity it becomes a general systemic disease, and develops into a serious disorder.

Every fibrous tissue becomes involved, the bronchial tubes are attacked, producing a chronic cough, the soft bones and cartilages of the head are diseased and sometimes destroyed, the stomach is affected, resulting in dyspepsia, and gradually the entire system is upset. But Catarrh does still greater damage if allowed to remain in the system. Frequently the kidneys and bladder are attacked, and the continual passage of impure blood through the lungs affects these vital members, and then Catarrh terminates in Consumption.

Being a deep-seated blood disease Catarrh must be treated constitutionally, for it is beyond the reach of local or surface treatment. Washes, sprays, inhalations, etc., are

perhaps cleanly, and in some cases antiseptic, and for this reason desirable; but such treatment does not reach the cause and can never cure the disease. S. S. S. cures Catarrh by cleansing the blood of all the impure catarrhal matter, and at the same time builds up the system by its unequalled tonic effects. It goes down

## EARLY HISTORY

OF POLITICAL WARFARE IN LICKING COUNTY INTERESTINGLY TOLD.

Reminiscences of the Campaign Waged by "Sunset" Cox Recalled By I. N. Milburn.

For the benefit of the boy readers of The Advocate today I would like to give some political history of fifty years ago.

Colonel Kibler mentioned several noted men of that day, among others S. S. Cox. He came upon the political arena in 1856 when he was nominated for congress by the Democrats in the thirteenth district after he had written his famous article "Glorious Sunset," which was published in The Ohio Statesman.

The district comprised the counties of Pickaway, Franklin and Licking. The Hon. Samuel Galloway, the great criminal lawyer of Columbus was nominated on the Republican ticket as his competitor. Cox at that time was associate editor with Col. Medary, editors of The Ohio Statesman. The said article ("Glorious Sunset") gave him the name of "Sunset" Cox. Each took the stump in their own behalf; each with great ability pleaded the cause of his respective party. When the election came off the returns showed that Mr. Cox had carried Pickaway county by 350 majority; Mr. Galloway carried Franklin county by one majority, and Mr. Cox carried Licking county by seven majority. Thus electing Cox by 356 majority.

That year was also the famous presidential campaign between Hon. James Buchanan on the Democratic side and the Hon. John C. Fremont on the Republican. The battle-cry of the Republicans was "Bleeding Kansas; no more slave territory and congressional interference." While the Democratic battle-cry was the great doctrine of popular sovereignty as it was expounded by Steven A. Douglass: "Let the people say by their votes when a state was admitted into the Union whether they wanted slavery or not." Immense mass meetings were held everywhere in all the little towns throughout the country. Work on the farm was neglected (farmers didn't pretend to do anything only to go to political meetings).

The Democrats would rig out great long hickory wagons, drawn by from four to six horses. The Republicans would have wagons the same, only different kind of wood. Large delegations from all the townships would go almost every day somewhere to a meeting. Some of the wagons would be loaded down with girls all dressed in white, singing campaign songs. Lots of fun everywhere, between the boys and girls of opposite parties, but all good-natured. The older ones would get into heated debates that would almost end in blows. But as a general thing better judgment prevailed.

One feature of the campaign was the holding of ox roasts at some little towns that greatly added to the fun and enthusiasm of the campaign. They would buy a large, fat ox, slaughter him, cook it whole, and have long tables spread so that 400 or 500 people could eat at a time. A long line of ladies would be riding horseback carrying small banners and flags. The wagons would have very large poles high in the air with banners with the names of each party candidate. Able speakers on both sides would address immense crowds and the more noise the crowd could make, the more enthusiasm was kept up. In 1858—I was a voter then—the Democrats renominated S. S. Cox in this district for congress, and the Republicans, the Hon. Lucius Case of Newark. They held several public discussions on the political topics of the day. They held one in Granville. I was present on that occasion, an immense crowd was present. Mr. Case had the opening speech for one hour. Mr. Cox followed in an hour and half speech. Fifteen hundred or 2,000 men stood in the street for three hours and listened to those two great orators. When the election came off the result was, Cox was elected by about 1,600 majority. He was elected four terms in all from this district, then moved to New York City and was elected to congress from there for several terms.

All of these great and good men and of the middle-aged people who participated in the strife of those stirring times have long since passed to the Great Beyond. Their posterity are now in the conflicts of life, some scattered far and wide about the world; some tossing on distant seas; some under arms in distant lands; some mingling in courts and cabinets; some on the political arena of life, and thus it has been throughout all ages.

I. N. MILBURN.
